**Office of the Legislative Counsel**

**Monday - 9 October 1959**

1. Talked with Mr. Robert Smart, House Armed Services Committee staff, and furnished him data on the number of reservists employed in the Agency. Mr. Van Zandt had asked a question at the 19 February 1959 hearing on this subject and the figures furnished at that time were not complete. Also furnished to Mr. Smart for the information of the Kilday Subcommittee the Report by the Committee on Exploitation of Foreign Language Publications to the United States Intelligence Board dated 28 August 1959. Mr. Smart was also brought up to date on the current status of Agency GAO discussions concerning an improved audit.

2. Delivered to John Mitchell, Chief Counsel for the Mass Information Subcommittee, a report of the Committee on Exploitation of Foreign Language Publications to the United States Intelligence Board dated 28 August 1959 for information of the Subcommittee.

3. Herman Horton telephoned stating that he would have a copy General Cabell's presentation before the Senate Internal Security Subcommittee sent up to the DDGI on 7 October. At present it is unclassified and will only be cleared with the Division. Later it will be cleared with State Department and the FBI in preparation for a preliminary meeting with J. C. Sourwine on 9 October. I indicated to Horton that there may be some question of whether the hearing is open or executive.

4. Talked with [ ] in IO on the follow up action as a result of the luncheon with Representative Francis E. Walter. [ ] is pulling together a collection of published comments on the World Youth Festival and is also collecting a number of publications dealing with Communist front organizations in various foreign areas. I also indicated to [ ] that we presumably will be expected to furnish names of witnesses in the event HCUA does decide to hold some type of hearings on the World Youth Festival.
